Note:

- Also some listeners were listening to SAQ via a WebSdr receiver runned by PA3FWM and located in Twente, Enschede, The Netherlands..

All well done as a compliment, but no QSL-cards are given to these people.

One was from Japan, one from Colombia, one from India, one from USA, two from France and one from Germany.

- Also read our web site for reports via our Forum. Not for QSL-card.
